Points Calculation

Points are calculated as a percentage of the best time in each class.

Formula is " (Best Time in Class / Your Best Time) x 100 "

5 sec penalty

DNS reverse, so time = best 1st run

NOTE: Points awarded based on average of best each way. Where no starts were made in reverse run, best of other runs given.

NOTE: In only one case was the clockwise run best better than the anticlockwise run best, so above seems fair to the result recorder :-)
